*Creating A Healthy Place To Live In*

## COMPANY PROFILE

[www.hygeiagc.com](http://www.hygeiagc.com)

Hygeia Group of Companies was established in the year 2010 as a joint venture in Dubai with far sighted vision and focus on a Healthy Environment System, Trainings & Consultancy in Food Safety, Quality Management, Health & Safety and Environmental Management Systems.

The organization is operated by qualified and competent professionals with dedication and commitment to achieve company vision. We are headquartered in Dubai and offer Pest Control, Cleaning & Disinfection Services, Trainings & Consultancy Services to all types of Food / Non-Food operations in Middle East.

Our vision and foresight coupled with the desire to constantly improve, has enabled us to retain our premier status in the country today. We have our strong presence around the nation and are widely appreciated for our effective services, which are in line with our customer's requirements.

## VISION

"Our vision is to be the best and most trusted facility management partner, empowering our customers and communities to live in a healthier and safer environment, free from all health risks. Through innovations, ethical practices, and a dedicated team, we aim to set the highest industry standards while preserving and protecting the natural balance of our ecosystem."

## MISSION

"At Hygeia, our mission is to 'create a healthy place to live in' by safeguarding and enhancing the well-being of our clients, communities, and the environment by delivering innovative, eco-friendly, and ethical facility services. With a focus on quality, expertise, and customer satisfaction, we strive to create healthy places to live in, and bring peace of mind to our valued clients."

We recognize the importance of adhering to industry-specific regulations, international standards, and legal requirements. Our dedication to compliance extends to every aspect of our operations, ensuring that our clients can trust us as a responsible and compliant partner.

## INDUSTRY-SPECIFIC REGULATIONS AND LEGAL COMPLIANCE

- We operate within the framework of all applicable laws and regulations in the region and industries where we provide services. Our legal compliance is non-negotiable and forms the foundation of our operations.
- We maintain complete and up-to-date records of all licenses, permits, and certifications required to operate legally in our areas of service.
- Our team undergoes continuous training to stay updated on changes in regulations and to ensure that our practices are in strict compliance.

## INTERNATIONAL STANDARDS

Hygeia adheres to internationally recognized standards such as ISO 9001, ISO 14001 and ISO 45001. These standards serve as benchmarks for the quality, environmental responsibility, and occupational health and safety of our services.

By choosing Hygeia, you are selecting a partner that not only provides high-quality services but also places compliance and responsibility at the forefront of our operations. We understand the critical role compliance plays in maintaining trust and credibility in our industry, and we are committed to upholding the highest standards in every aspect of our business.

Safety is at the core of everything we do. We understand the critical importance of ensuring the health, safety, and well-being of our employees, clients, and the communities we serve. To demonstrate our unwavering commitment to safety, we are proud to declare our compliance with the prerequisites of International Safety and Management Systems, specifically ISO 45001.

## A SAFETY CULTURE

Our safety culture goes beyond policies and procedures; it's ingrained in our organization's DNA. Every employee, from the leadership team to the frontlines, is committed to fostering a culture of safety. We encourage reporting of near misses and safety concerns and reward safety-conscious behavior.

In addition to our commitment to the safety of our employees, we extend the same level of dedication to the safety of our clients and the communities where we operate. We take proactive measures to minimize the impact of our operations on the environment and the well-being of local residents.

At Hygeia, we recognize the profound impact facility management can have on the environment and communities we serve. We are committed to sustainability as an integral part of our business strategy. Our Sustainability Management approach reflects our dedication to minimizing our environmental footprint, promoting responsible practices, and contributing to a more sustainable future.

## ENVIRONMENTAL RESPONSIBILITY

- **Energy Efficiency:** We prioritize energy-efficient solutions to reduce the carbon footprint of the facilities we manage.
- **Integrated Pest Management (IPM):** Implementing IPM principles that prioritize prevention, monitoring, and non-chemical control methods before resorting to chemical treatments. This reduces the need for pesticides.
- **Waste Reduction:** We are committed to minimizing waste generation through waste reduction, recycling, and responsible disposal practices.
- **Sustainable Pest Control Techniques:** Sustainable pest control techniques focus on minimizing the environmental impact of pest management while effectively controlling and preventing pest infestations.
- **Efficient Cleaning Practices:** Implement cleaning practices that reduce water and energy consumption, such as using microfiber cloths and mop systems that require less water and chemicals.

## STAFF TRAINING AND EMPOWERMENT

We believe that our most valuable asset is our team of dedicated professionals. We are committed to nurturing talent, enhancing skills, and fostering a culture of continuous improvement. Our investment in staff training and development is a testament to our dedication to delivering exceptional results.

- ▶ We provide comprehensive and ongoing training programs to equip our employees with the latest knowledge and best industry practices.
- ▶ Our trainings are designed to enhance thier technical skills, expand expertise, and promote personal and professional growth.
- ▶ Our team undergoes rigorous safety training to mitigate risks and ensure the well-being of everyone involved. We regularly update our safety protocols to align with the latest standards and regulations.
- ▶ As technology evolves, so do our training programs. We provide our staff with training on the latest tools and technologies to enhance efficiency and service delivery.
- ▶ We value employee feedback and use it to continuously enhance our training programs. This iterative approach ensures that our training remains relevant and effective.
- ▶ Many of our team members hold industry-specific certifications and qualifications, reflecting their expertise and dedication to excellence.
